Technology

INNOVATIONS THAT
POWER YOUR LIFE

Jackson Energy was founded with the mission of bringing a new technology to southeastern Kentucky - electricity.

Today, we continue that mission. Our investment in digital meters and the latest computer technology led to your co-op being the first electric utility in Kentucky to offer prepay metering. Our dispatchers use the latest technology to monitor your electric system and even repair some power outages with the click of a keystroke.

We think it's been a wise investment.

TECHNOLOGY -
INNOVATIONS THAT
POWER YOUR LIFE
