

Eric Baker Estill County Extension Agent for Agriculture & Natural Resources

Farm Field Day Is October 2nd

Estill County Extension Farm Field Day is scheduled for Wednesday, October 2nd.

The farm tour will begin at 4:00 p.m. at the Fowles farm on Millers Creek Road (Kentucky Highway 1571). Watch for signs. Transportation is on your own.

Tour topics include grain production, corn / soybean variety trials, firewood facts, a wood-splitter and wood-chipper demonstration, and more.

At the conclusion of the tour, participants will meet

back at the Extension Office for a sponsored meal.

For those not going on the farm tours, there will be two educational programs at the Extension Office beginning at 6:00 p.m.

One program will focus on nutrition/health and the other will be a 4-H activity for kids.

We appreciate our sponsors including Estill County Farm Bureau, Estill County Cattlemen's Association, Estill County Conservation District, Citizen's Guaranty Bank, BB&T, Hardy Oil,

Mountain View Veterinary Clinic, and Rogers' Construction.

Thanks to Tom Fowles and Jason Smith for hosting the farm tour.

Everyone is invited and we will have door prizes too! Please pre-register for the meal on or before October 1st by calling 723-4557.

Educational programs of the Cooperative Extension Service serve all people regardless of race, color, age, sex, religion, disability or national origin.

Oil is extracted from the wood of this tree and made into a tonic that is said to treat such ailments as insomnia, skin problems, obesity, hypertension, rheumatism, arthritis, infections, kidney disorders and gout. It can also be used as an insect repellent, driving away mosquitoes, flies, fleas and lice. It is considered an endangered species.

Himalayan cypress

Agriculture Events

Starting Tuesday, October 1st for five weeks

Forestry Series To Be Offered

Estill County Extension Service and UK Forestry Extension will conduct a forestry webinar series for woodland owners, master loggers, and other interested individuals. Webinars are presented over the internet to various host locations across the state but you can still ask questions of the presenters. The webinars occur on five Tuesdays starting October 1 with the last one on November 12 from 7:00-8:00 p.m. at the Estill County Extension Office 76 Golden Court, Irvine.

The webinars with asterisks will qualify for 1 hour continuing education for Kentucky Master Loggers. Scheduled webinars are as follows: October 1 - Tree Identification*, October 8 - Woodland Management and Forest Certification*, October 22 - Waterfalls of Kentucky, November 5 - Waterfowl Identification, and November 12 - Selling Timber*.

Available Now, 10am-3pm, Monday-Friday

Extension Service Offers Free Soil Testing

The Estill County Extension Service is pleased to offer a special soil testing promotion beginning September 2013. Estill County agriculture and commercial horticulture producers can receive up to 10 soil samples tested annually free of charge. Homeowners and backyard gardeners can receive up to 5 soil samples free of charge. This offer does not apply to commercial lawn care and landscaping businesses. Call us for questions about promotion limitations.

Fall is an excellent time to soil test cropland, pastures, hayfields, gardens, and lawns. Soil testing is an important lab analysis that tells you what nutrients are in your soil. If nutrient levels are too low, fertilizer or other soil amendments may be needed to achieve best plant growth. "Test, don't guess."

For each sample, we need about two cups of air-dried soil to do the test. We do offer soil sample bags and loan out soil probes. For more information about how to take a soil sample, contact us at 723-4557. Funding made possible by the Estill County Extension District Board. Offer duration is dependent upon availability of funds.

In addition, soybean producers should consider testing their fields for soybean cyst nematode (SCN) this fall. SCN can reduce yields without showing visible symptoms. Producers can split their regular soil samples and we can send one part to be tested for SCN. The Kentucky Soybean Board is covering the cost of SCN tests. Contact me for more information about properly collecting soil samples for SCN analysis.

Educational programs of the Cooperative Extension Service serve all people regardless of race, color, age, sex, religion, disability or national origin.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.
