Most courthouse employees were unable to make it to work on Monday. Other employees had to leave their offices to shovel snow from vehicles which got stuck on Broadway. Some power outages were reported. Schools were closed again. The county remains without salt, meaning county road crews are scrapping snow off roads and using fine gravel for traction. A 1998 Dodge truck owned by the county and used for snow removal caught fire on Monday. At the last fiscal court meeting, the magistrates had discussed replacing a Ford and a Dodge truck before next winter. The above photo was made while it was still snowing the really large flakes.
