My name is Gary Powell and I am running for County Judge Executive. My family and I have lived in Estill County all of our lives. I have twenty years of industrial background and have two companies presently in Richmond. One of these companies will do over a million in sales this year.

With the experience that I have, I believe I can be an asset to Estill County. Due to license and tax rates, you can run a business in surrounding counties for a lot less money. Currently our County offers no incentive to have a business here. I am looking to change that, as one of my main goals as County Judge Executive is to work hard to bring back jobs to Estill County. Also, I will treat everyone equal and do what is best for the county. We are asking for your help on May 20th to give Estill County a new start and a new beginning.
