My name is Gary Freeman, and I am a candidate for re-election to the office of Estill County Sheriff. I have served as Sheriff for 15 years and have always used a common-sense approach in doing my job. I try to treat all people with respect, and this is what I expect from my staff as well. A sheriff's job is not glamorous like you see on television; it is a lot of hard work and dedication.

Some of my responsibilities are:

- transporting prisoners to and from court
- providing security for the court system
- collecting taxes and keeping detailed records
- inspecting vehicles
- answering 911 calls at all hours of the day and night
- investigating burglaries
- collaborating with other law enforcement agencies as needed
- serving court ordered papers, and
- processing and maintaining records for concealed deadly weapons permits

I am proud of my well-trained staff. My experienced clerical staff is friendly and dedicated, and my department has never had a problem with state audits. My deputies must meet the high standards required by KRS regulation and ECU's criminal justice program. The training is 18 weeks and must be completed within 1 year of employment. Some deputies complete the training, and some don't. I will keep a well-trained and respectful sheriff's department. I would appreciate your continued support and votes in the upcoming primary election.

Thank You, Gary Freeman

If It's Not Broken, Don't Fix It! Re-Elect

Earl Young Jr.

Magistrate District #2

Four years ago I asked the voters of District #2 for your support in electing me to serve as your magistrate. I spoke of my nearly 50 years citizenship of Estill Co. and of my 20 years experience working on the roadways of our county.

My promise to you was that if you elected me as your magistrate, I would put this experience to work for you. After serving you nearly four years, I can report to you that I have kept my promise.

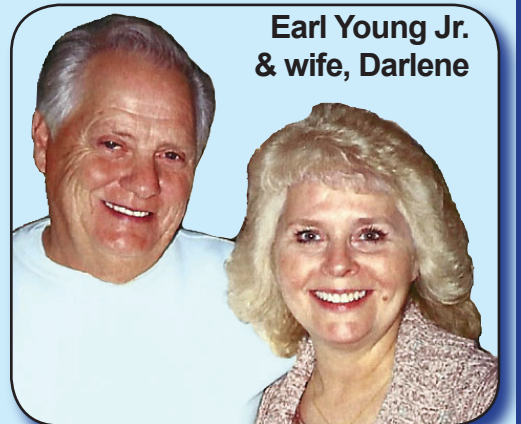

In addition to my previous experience, serving as your magistrate, I have received 170 hours training to help me serve you better. I have answered your calls, and I have listed my phone number. I have made myself available to all the people in my District.

I have worked hard with the fiscal court to get the job done and to make the best use of the people's tax money. I have given the time needed to do a good job for District #2. And, speaking of a good job, I would like to thank my wife of 15 years for support in helping me. They say, "behind every good man is a better woman." This is certainly true in my case. Darlene has greatly assisted me in keeping communication with the voters' needs, with her help.

I have kept my promise to the voters and have enjoyed being your magistrate. With your help, I would like to keep my job and continue serving as your Magistrate. Every four years, the voters in District #2 have an opportunity to fix things. Sometimes things need fixing and sometimes the best policy is, "If it's not broken, don't fix it!"

Thank you for allowing me to be your Magistrate, and I look forward to continuing my service to you, the voters of District #2. Pull lever #2 to re-elect Earl Young Jr.
