Ravenna discusses skateboard park

"I'd like to hear about the liabilities before making my decision," stated Councilwoman Tina Johnson.

The council decided to table the matter until the insurance agent returned the call about the liabilities.

Van Cleve stated that he would like to publicly announce that he is not for closing the park. He said that he had heard rumors that people were saying that he wanted the park closed and that was not the case. He said at the time that he wanted letters sent to the county and the city of Irvine and ask them for money to help maintain the park but he never said that he thought it should be closed down.

Councilwoman Amy Crowe asked if the bath-

rooms at the park were working properly now because someone had told her that they had been at a birthday party at the park and had to go to the Dollar General to use the restroom.

Mayor Tipton said that when people pay to rent the park and schedule their event at City Hall then she or Police Chief Ken White will go down to the park and unlock the bathrooms. She said if someone hasn't booked the party at City Hall then they have no way of knowing if they are supposed to unlock the restrooms.

Officer said that something was going to have to be done about children playing on the memorial wall at the park. He said that it infuriates him to see chil-

dren playing on the wall and that parents need to be held responsible for the damage done to the wall. He said every time that a brick is knocked out of the wall it costs the city money to replace it. Mayor Tipton said

that she personally stops and lets children know that they are not supposed to be playing on the memorial and that all council members should do the same if they see someone playing on it.

A bench warrant was served Sept. 5 by Officer Sturniolo on Jason Richardson, 27, of Turner Ave., Irvine for failure to pay \$151 plus \$30 service fee. Bond was set at \$151.

ELECT JIM WALTERS MAYOR CITY OF IRVINE

Since my announcement back in January to seek the mayor's job I have had several people ask me if I am from here . . . YES, and I am still proud of that fact. I graduated from ESTILL COUNTY HIGH in 1963 with the academic schedule of studies and I was a member of the NATIONAL HONOR SOCIETY all four years.

I therefore feel the need to re-introduce myself. I was born on January 9, 1945 at Union Hall, Kentucky, which is near Marbleyard and Betsy Ridge here in Estill County. I was the eighth of eleven children born to Bevley "Cutter" Walters and Edna Tipton Walters, and we were all blessed to have them as parents. We later moved to the Pitts and Rogers Fork area where our Dad worked in the oil fields. Now, while on the subject of parents, I want to add how thankful I am for the upbringing they gave us, not just a moral and Christian upbringing, but one of respect for all and the strongest work ethic that one could have, which is still with me today.

I would like to refer to two of those lessons:

1. I don't care if you agree to shovel for a man for 50 cents per hour, you give him his eight hours of work.
2. You are digging a ditch for a man and he gets a chair and sits down under a shade tree to watch you, don't complain. Do the best job you can, learn everything you can about how it's done and one day you will be sitting in the chair watching.

Now, back to the campaign . . . I have been in a very unique position by having to garner information on why and how the City of Irvine is in the shape it is in by listening to the stories from many of you who have lived here while I was working and living in Ohio. Believe you me, I have heard many, many stories, and even if only a small percentage of them are true, I cannot believe how some people in this area could have the nerve to even show their face in public. I have heard of possible factories locating here, stores that were willing to come to town, but all were turned down in order to protect the "GOOD OL' BOYS" network of which I am not a part. I feel it is time for us to get away from that and start working for the GOOD of ALL citizens instead of just a few "friends and/or family and political cronies." I plead with you to help me do that. TOGETHER WE WILL DO BETTER.

My opponent stated back in January that he signed up because of concern about WHO was running, so I guess that meant me, James Eric Walters. Had he been concerned enough to come and talk to me, I could have assured him that, NO, I have not been guilty of hauling hazardous waste from New York and dumping it in the front door of our school children at the high school and middle school. Neither have I been guilty of mis-handling of the funds of the businesses I have been involved in, causing them to go bankrupt. With the mayor being the chief financial officer of the city, I think this should be a very important concern to all of us.

If elected Mayor, I do not have a slate of people to fire on my first day in office, which would possibly bankrupt the city due to lawsuits of unfair labor practices.

I would hope that the cities of Ravenna and Irvine can unite together such as our school systems did and work to prove that, TOGETHER WE CAN DO BETTER. Look at how much better our school system has become. To be able to pick up the local paper each week and find that our students are competing at the state level in various studies as well as sports, makes me proud that we finally did what should have been done years ago.

I ENCOURAGE YOU TO VOTE NOVEMBER 4, 2014 and cast your vote for the man you think will be the best leader for the city of Irvine. Please do not vote for someone because of trivial things such as "he is a friend, I went to school with him, I have known him for a long time." Let us break that mold.

If elected mayor, I will assure you that I, (JIM WALTERS) will be your mayor, not someone else telling me what to say or do, like a puppet on a string. I will be NO ONE'S puppet. I will listen and/or work with anyone who is interested in the betterment of this city. It is okay to LEAD, FOLLOW, OR STAND ON THE SIDE, but NOT OKAY TO IMPEDE.

If it is good for all of us, I am for it. If it is only good for a few, I don't feel it should be done, as it would not be beneficial to the city.

I covet your vote and support, and if given that, I do not think you will be disappointed, because I feel VERY STRONGLY, that I am the best man for the job. I will work very hard to prove that to you as the mayor and see that we are "ALL" represented and the city grows and prospers. TOGETHER WE WILL DO BETTER.

Thank you and GOD BLESS our city,
Jim Walters
