Couple arrested for theft of laptop

An Irvine couple was arrested Tuesday and charged with the theft of a laptop computer.

The police citation says that Carol Tyree asked Tasha K. Maher to take her Asus laptop computer to Pro-Silver to be repaired around October 3.

Maher said she took the CPU to the shop to be repaired, but it was going to cost money. Instead she placed the CPU in the trunk of her vehicle and didn't tell Tyree anything.

When Tyree asked about the CPU, Maher told her that she didn't know what happened to it.

The citation states that Maher's boyfriend, Justin T. Patrick, had actually gotten the CPU and pawned it and its case at Dollar Deals on October 2. The computer was worth over \$500.

Maher, 26, and Patrick, 28, were both cited for theft by unlawful taking or disposition, less than \$500. Maher was given a court date of December 17.

Patrick was served with two bench warrants for failing to appear in court. Police Chief Brad Smith said that due to Patrick's history of failing to appear in court, he was arrested.

The victim and the couple all gave the an address of 218 High Street, Irvine.

Chief Smith was assisted by Officer Karl Rifenbark in making the arrests.

Jewelry Theft

An Irvine man has been charged with theft of jewelry back in July.

Officer John Sturniolo wrote in a citation that James Rodney "Jimmy Duke" Adams, 47, of S. Hudson Street, Irvine, was painting an apartment at 234 Rosebud Avenue on July 28 when he stole jewelry.

The officer adds that Adams sold the jewelry to the Castle in Richmond and Cash in a Dash in Irvine. The jewelry sold to Cash in a Dash has already been melted down, and Sturniolo said the Castle is in the process of tracing the jewelry sold to its company.

Sturniolo said the victim was able to identify the jewelry by description.

Adams was arrested October 24. He was arraigned Monday in Estill District Court where he pleaded not-guilty. A preliminary hearing will be held for Adams on November 5.

Bail for Adams was set at \$10,000 property bond on October 25.

Sturniolo was assisted in the investigation by KSP Trooper Ty Robinson.
