## Firefighters are called to apartment house in festival area, Saturday

The 25th Mountain Mushroom Festival got off to a wet start on Saturday for the Fungus races. The weather also caused cancellation of the Kruzers Car Show and the canoe races on the river.

The car show is rescheduled for this weekend. The river level was too high for the canoe races.

The race committee said the rain only kept away eight or nine persons who had preregistered.

After the rainy Saturday morning, the weather was perfect for Saturday afternoon and Sunday.

A 911 call was made shortly after the parade had passed the intersection of Broadway and Court Street. Smoke was detected in the apartment house located at the intersection.

One police car and a firetruck loaded with firefighters left the parade and returned to the festival area to possibly fight an apartment house fire.

Residents of the apartments were evacuated. **Continued on Page 12**
