## Water Outage

### PLANNED WATER OUTAGE

**For City of Ravenna**  
August 25th, 2015

The City of Ravenna will experience a planned water outage on Tuesday August 25th, 2015 beginning at approximately 8:30 am. Irvine Municipal Utilities will be installing water valves for isolation of water mains. Customers should anticipate this temporary water outage. Once the water pressure is restored, customers will be under a boil water advisory. Affected customers need to bring any water, that comes from the tap, to a rolling boil for 3 minutes before drinking or using it for cooking after the water is back on. Customers should do this until further notice. We suggest that customers store a couple of gallons of drinking water, per person, before the service is interrupted to last until the advisory is over. We apologize for the inconvenience, but your safe drinking water and reducing future city wide outages are priorities. If you have any questions please contact IMU at 606-723-2197.
