Maudie's Naughties

Correct Diagnosis

An archaeologist is digging in the Negev Desert in Israel and comes upon a casket containing a mummy. After examining it, he calls the curator of a prestigious natural-history museum.

"I've just discovered a 3,000 year-old mummy of a man who died of heart failure!" the excited scientist exclaims.

To which the curator replies, "Bring him in. We'll check it out."

A week later, the amazed curator calls the archaeologist. "You were right about the mummy's age and cause of death. How in the world did you know?"

"Easy. There was a piece of paper in his hand that said, '10,000 Shekels on Goliath.'"

Marital Predictions

"Pa," says Little Julie. "Did you know what your marriage would be like before you married Ma?"

"Well," answers Pa. "I knew before the ceremony was over with."

"How's that," asks Julie?

"Well," says Pa. "The minister asks Ma, 'Do you take this man to be your husband?' ... and Ma replies, 'I do!'"

"Then he turns to me and says, 'Do you take this woman to be your wife?' ... and Ma leans over and says, 'He does!'"

More Marital Predictions

"Pa," says Little Julie. "How come Uncle Bill never got married? Was it because of his crooked nose?"

"Oh, he almost did get married," replies Pa. "You know that woman named Bernadette that lives at the head of the hollow, Bill was all set to marry her. The wedding was all planned and Bernadette was waiting at the alter with Reverend Rick from the Methodist Church. Bill came strolling up the aisle pushing a new set of golf clubs that he had bought himself for Christmas. Bernadette looks straight at him and says, 'What did you bring those for?' Bill looks back at her right straight in the eye and says, 'Well, this ain't going to take all day, is it?' I believe it was the 8-iron that broke his nose."

Life Saver

A wealthy businessman chokes on a fish bone at a restaurant.

He is fortunate that a doctor is seated at a nearby table.

Springing up, the doctor skillfully removes the bone and saves the man's life.

As soon as the fellow has calmed himself and can talk again, he thanks the surgeon enthusiastically and offers to pay him for his services.

"Just name the fee," he croaks gratefully.

"Okay," replies the doctor. "How about half of what you'd have offered when the bone was still stuck in your throat?"

Anniversary

A young man is speeding home after being delayed at the office when he suddenly sees flashing lights in his rearview mirror. After the officer pulls him over, the young man is hoping for some leniency and explains to the officer that he was rushing home to be with his wife because it is their first anniversary.

Rather than letting the man off with a warning, the officer continues writing, tears off the ticket and hands it to the man and says, "Congratulations, the first anniversary is paper, isn't it?"

Affairs

An artist, a lawyer, and a computer scientist are discussing the merits of a mistress. The artist tells of the passion, the thrill which comes with the risk of being discovered.

The lawyer warns of the difficulties. It can lead to guilt, divorce, bankruptcy. Not worth it. Too many problems.

The computer scientist says "It's the best thing that's ever happened to me. My wife thinks I'm with my mistress. My mistress thinks I'm home with my wife, and I can spend all night on the computer!"
