Estill's Bass Fishing Team is Honored With Banner

Estill County High School honored another high-achieving Engineer team last Friday night at the Estill-Powell girls and boys basketball games. The Estill County High School Bass Fishing Team was honored in front of the home crowd and a banner was unveiled on the gym wall to recognize the team for their accomplishments during the 2018-2019 season.

That one was for the record

books. The team qualified for the SAF National Championship and the KBA State Championship. Hunter Flynn, Luke Fletcher, Micah Adams and Chase Rawlins qualified for the KBN Tournament. The team finished 4th in the Brandon Card Tournament in Tennessee and went on to compete in the KHSAA Region 4 Tournament where they finished as Region Runner-Up. The top 16 finishers in the region tour-

namment qualify for the KHSAA State Tournament. During the 2018-2019 season, Chris Wise, Lucas Puckett, Chase Rawlins and Micah Adams qualified for the State. While competing in the 2019 KHSAA State Tournament, Chase Rawlins and Micah Adams finished fourth.

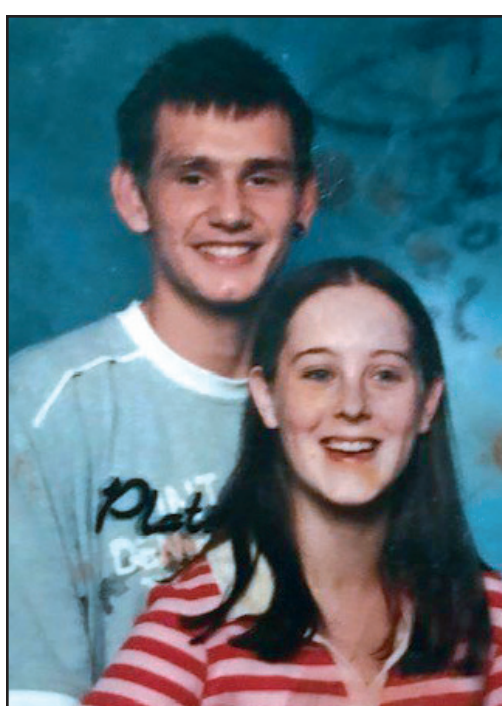

The Bass Fishing Team is continuing their "Engineer Excellence" this year. At the Bradley Roy Tournament, the team placed

second, and at the Brandon Card Tournament, they placed first. So far this year, Micah Adams and Chase Rawlins have qualified for the KBN State Tournament and the B.A.S.S. National Championship.

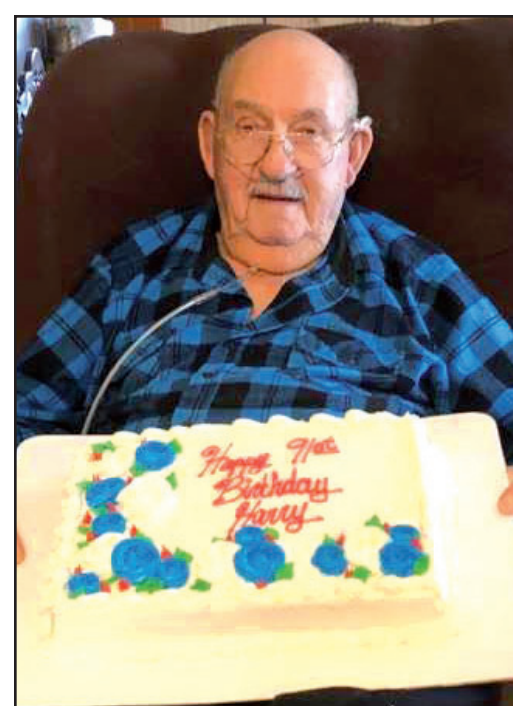

Steven Tipton organized the Estill County Bass Fishing Team in 2016. He stepped aside in 2018 because of health reasons and Chris Osborne took over the coaching duties.

Estill Engineers cheerleaders pep up the crowd during the Estill-Powell game.

Happy 30th Birthday Steven! Love Granny Carolyn

Happy 91st Birthday Harry Walters on January 13th
