## Public Notice

The Estill County Health Department wants to remind all businesses and citizens of Estill County that the Mask Mandate is still in effect and has been renewed by Governor Beshear. Below is an explanation of how the health department has been directed to enforce this mandate. We ask that everyone please follow the Mask Mandate and that you enforce this at your place of business.

**Guidance for COVID-19 Face Coverings Regarding Executive Order 2020-586 and Regulation 902 KAR 2:190E**

The Executive Order and subsequent Emergency KY Administrative Regulation established that each person in Kentucky must cover their nose and mouth with a face covering in specific situations, as defined in the regulation, and provided defined exemptions for individuals with medical necessity. The requirements of the administrative regulation that pertain to a business or other public-facing entity shall be enforced by the Labor Cabinet, the Kentucky Department for Public Health (KDPH), other state regulatory agencies and each local health department. As it pertains to individuals, this regulation will be enforced by state and local law enforcement authorities.

**Non-Compliant Individuals**

Any person who violates this order by removing a face covering while on the premises of a business, public-facing entity, or mode of public transportation shall be subject to the penalties outlined by the KAR and shall be requested to leave the premises. Failure to comply with that request may result in additional criminal charges including a citation for trespassing.

State and local law enforcement agencies have been assigned enforcement authority on all individual non-compliance matters.

**Non-Compliant Businesses**

All businesses, public-facing entities, or modes of public transportation shall deny access to any non-compliant individuals. If access is granted to non-compliant individuals, the business, public-facing entity, or mode of transportation shall be in non-compliance and subject to the penalties as set forth in the administrative regulation.

All businesses, public-facing entities, or modes of public transportation shall require any non-compliant individual identified on the premises to vacate the premises. If this does not occur, the business, public-facing entity, or mode of transportation shall be in non-compliance and subject to the penalties as set forth in the administrative regulation. If the non-compliant individual refuses to vacate the premises state or local law enforcement shall be contacted.

If during the course of a routine inspection or complaint investigation a business is found to be non-compliant with the face coverings regulation, a Notice to Correct Violations (DFS 210) shall be issued to the establishment. Follow up on the notice shall occur within five business days. If the establishment continues to violate the regulation after a DFS 210 has been issued, citations shall be issued for a fine of fifty dollars (\$50) for the second offense, seventy-five dollars (\$75) for the third offense, and one hundred dollars (\$100) for each subsequent offense.

The Labor Cabinet, the Kentucky Department for Public Health, other state regulatory agencies and each local health department have been assigned enforcement authority on all business non-compliance matters.
