

The Estill Engineers cheerleaders keep the spirit alive in front of a sparse crowd at Monday night's home contest with the Estill Engineers facing the Western Hills Wolverines from Frankfort. Estill was led by Joe Benton with 37 points.

Estill County Engineers sophomore Landon Napier prepares to take a free throw as head coach Jon Bentley watches from the sidelines. Napier only scored four points on Monday night which is far below his usual totals for the Engineers.

100 Days of School
West Irvine celebrated the 100th day of school on Thursday January 30th. Pictured are: Kaleb Goosey, 3rd grade Mrs. Davis' room with his

"3rd Grade survived 100 days of ME" shirt on and Abby Hiatt, 4th Grade Mrs. Cox's room. Abby is the granddaughter of Rosia Smith who is a founding member of the all women's

motorcycle club "Chrome Angels". Abby wanted to dress as a 100-year-old biker chick and we think she pulled it off splendidly!
