Lauren Hardy is Legislative Page

The Estill County Middle School Youth Services Center recently had students participate in the Family Resource and Youth Services Centers of Kentucky Coalition's annual Legislative Page Program. Through this program students wrote essays based on the theme, "What I Want My Legislator to Know about My FRYSC." Students selected are given the opportunity to go to Frankfort and serve as a legislative page with their legislator. Miss Lauren Hardy was selected from among her peers to serve as the Estill County Middle School Youth Services Center representative with Senator Albert Robinson on February 6, 2020.
