### Estill Has Four More College Signees

Estill County High School had four more college signees to ink their letter of intent to attend and play sports at various colleges last week. The Estill County Middle School Student Council recently attended the National Association of Student Council's Energize Your Leadership Conference in Washington D.C. The students participated in a three day leadership conference with students from all 50 states and 3 countries. They also had the opportunity to tour our nation's capital and to see many monuments and memorials while in the D.C. area. These students led by, Michael Flynn, Estill County Middle School Student Council Advisor, Estill County Middle School Youth Services Center coordinator, and a KY Charge Teacher Leader. A KY Charge teacher leader participates in the Kentucky Education Development Cooperative's (KEDC) Project CHARGE (Civics History through Advanced Research and Geography Education) which provides professional development for approximately 375 veteran and new K-8 public school teachers in Bell, Estill, Middlesboro Independent, Knox, Laurel, Barbourville, Pulaski, Williamsburg Independent and Pineville Independent school districts.
