## Eligible children need to be added to stimulus by April 22

SSA, RRB recipients with eligible children need to act by Wednesday, April 22, 2020, to quickly add money to their automatic Economic Impact Payment; IRS asks for help in the 'Plus \$500 Push'

The Internal Revenue Service today issued a special alert for several groups of federal benefit recipients to act by this Wednesday, April 22, if they didn't file a tax return in 2018 or 2019 and have dependents so they can quickly receive the full amount of their Economic Impact Payment. Their \$1,200 payments will be issued soon and, in order to add the \$500 per eligible child amount to these payments, the IRS needs the dependent information before the payments are issued. Otherwise, their payment at this time will be \$1,200 and, by law, the additional \$500 per eligible child amount would be paid in association with a return filing for tax year 2020.
