

BRANDON STORM IS TRUMP TOUGH.

Brandon Storm is a Trump conservative, and proud of it. As a Christian small-business owner, he's committed to protecting our community and the faith we hold dear. An accomplished attorney, Brandon Storm built a **business from the ground up**, and is the people's voice when they need someone on their side. He's not afraid to take on the powerful special interests and **defeat the socialist mob** threatening our values.
