Gift of Love

What an incredible and eternal gift from the Lord. Without it, life as we know it would not exist on Planet Earth. And there would not be any opportunity for eternal life in a heavenly paradise. So it is fantastic that we have been created in His image and can have a loving relationship with Him that will never end.

A wonderful part of that love is expressed in numerous gifts like: love, joy, peace, patience, kindness, gentleness, faithfulness, goodness and self-control, hope, comfort and protection. All kinds of tangible gifts could be listed under the gift of prosperity and all that it entails. And the prosperity may be the result of being involved with poems, books, songs and movies that have love as the central theme.

The subject of love on the internet has resulted in about 1.5 billion web sites. And 70 million of the sites are devoted to the effects of love. These effects cover both the mental and physical results of experiencing the emotional highs of love. Normal limits of thought and action are greatly expanded. The brain can cause four chemicals to be released in our body to help the components of love; like intimacy, passion and commitment. As a result, we will have increased energy and awareness, plus less need for food and sleep. We can experience the "high" of a runner. This is appropriate in the consideration that love is a high creation by a high being residing in a high place.

With love, life is warm, optimistic, creative and magical. Thank you, Jesus, for your incredible gift of unconditional love.

Inspiration

Are We Responsible?

Have you searched the Scripture today, My Friend?

Have you told your loved ones, time is at hand? Have you laid aside all earthly sin? Are you ready to go when He comes again?

Has your robe been washed as white as snow? That's how it must be when it's time to go.

Don't take a chance on "just a little sin." You must be clean if you enter in. Just a little spot on a clean white robe, Will determine the way a person will go.

No sin will enter, though very small, We must be clean, to answer His call. When Jesus died, He didn't do it halfway, He gave His all, our soul to save.

We need to hear Him say, "Welcome Home, My Child, You've fought a good fight, 'till the very last mile."

Please, go out and spread the Word, Tell your friends and foes about the Lord.

They are taking drugs and shooting their veins, Destroying their minds; what a terrible thing. It's a daily thing

To hear a mother killed her child; She didn't have time to hear it cry.

She would rather go back To the fun on the street, Than to be tied down with her child, so sweet. Sodom and Gomorrah

Were destroyed by God's power, And our world can be destroyed at any hour.

Will His coming bring joy, or will it bring pain? Are we "on fire for God" or just doing our thing?
