West Irvine Intermediate Wins KySTE Outreach Grant

The Estill County School District would like to congratulate Melissa Kelley, Library Media Specialist & School Technology Coordinator for West Irvine Intermediate, on being awarded a \$10,000 Outreach Grant from the Kentucky Society for Technology in Education (KySTE).

Ms. Kelley received the outreach grant for her project titled "Let's Flip This Class-Providing 1:1 Chromebooks".

According to Ms. Kelly, "Due to the COVID-19 pandemic the use of 1:1 technology in the classroom and at home is becoming more and more of a necessity. Most school districts have shifted to digital learning and no one has

felt the economic impact more than our families. This grant will help us move toward our goal of becoming a 1:1 school through the purchase of Chromebooks to be used by students both at school and home, while relieving the financial burden families will face with individual purchasing."

Funds from this project will be used to purchase 39 chromebooks, and an additional 36 chromebooks will be provided by the school/district, bringing the total to 75 chromebooks. This will allow a total of three classrooms to have 1:1 devices at West Irvine. In addition to this, teachers will be provided with support in order to utilize the technology to its fullest potential.

The Kentucky Society for Technology in Education is a 501(c)(3) non-profit professional organization and affiliate of the International Society for Technology in Education, that is committed to the support of technology in and for education. Normally Ms. Kelley would have been awarded the grant at this year's spring KySTE Conference in Louisville, however, due to the COVID epidemic, Ms. Kelley will be presenting at the 2022 Spring Conference.
