

West Irvine Intermediate and Lions Provide Vision Screenings

On Monday, October 12 West Irvine Intermediate and the Estill County Lions Club provided benchmark vision screenings for all third and fifth grade students using Welch-Allyn Spot cameras.

West Irvine Intermediate is thankful to have community partners, like the Estill County Lions Club, who can assist in providing services to meet the needs of our students.

Estill County Lions Club wants to purchase their own Spot Camera, but at \$7,000 each, the club is going to have to reach out to the community for help. The club currently has over \$1,100 toward their goal and wants to have the camera by no later than January 1, 2017. The camera will be used here in Estill County and also to help other clubs in their communities when needed, as others have helped us. The club is applying for grants, conducting fund-raisers, and will be reaching out to businesses, churches and willing donors to reach this goal. If you'd like to make a donation, please mail it to Club Treasurer Becky Snowden at 90 Geneva Avenue or contact her at 723-4023.
