

Marching Engineers Win East Regional Estill To Play In State Competition In Bowling Green

The Estill County High School Marching Engineers traveled to Bourbon County High School this past weekend to compete in the KMEA Class 2 A Regional quarter finals.

After an outstanding week of rehearsal and final preparation, the band felt confident about their upcoming performance.

Even though the weather did not cooperate, the band

still turned in an amazing performance that stunned the judges and brought the crowd to their feet!

Out of all the competing bands in the East Region, the Marching Engineers topped

the field, scoring an 86.6, beating rival Garrard County by 4.2 points and taking first place overall to earn the Regional Championship!

Only the top eight bands from this field advanced to

state level competition.

This coming weekend, the band will travel to Bowling Green to compete in State Competition. Semi-finals (8 qualifiers from the east and 8 from the west regions) will be

held at Glasgow High School and only the top four will advance to STATE FINALS.

Finals will be held at WKU later Saturday evening.

Good luck, Estill County Engineers Marching Band!

East Regional Champions -- The Estill County Marching Engineers

Lady Engineers Soccer Wins 14th Region

by MIKE WISEMAN
Estill Tribune Sportswriter

The Estill County Girls Soccer Team would add another notch to their already "record season" last week as they brought home the 14th Region Championship. Estill would defeat Letcher County Central, 2-1, in a shoot-out to claim the title.

The Lady Engineers are coached by Candie L. McMaine and her son, Andrew Hatton. "We as coaches could not be more proud of what these girls have accomplished this season," said McMaine. "Becom-

ing the first team in our program's history to win a regional title as well as finishing the season with just one loss; it has been unbelievable."

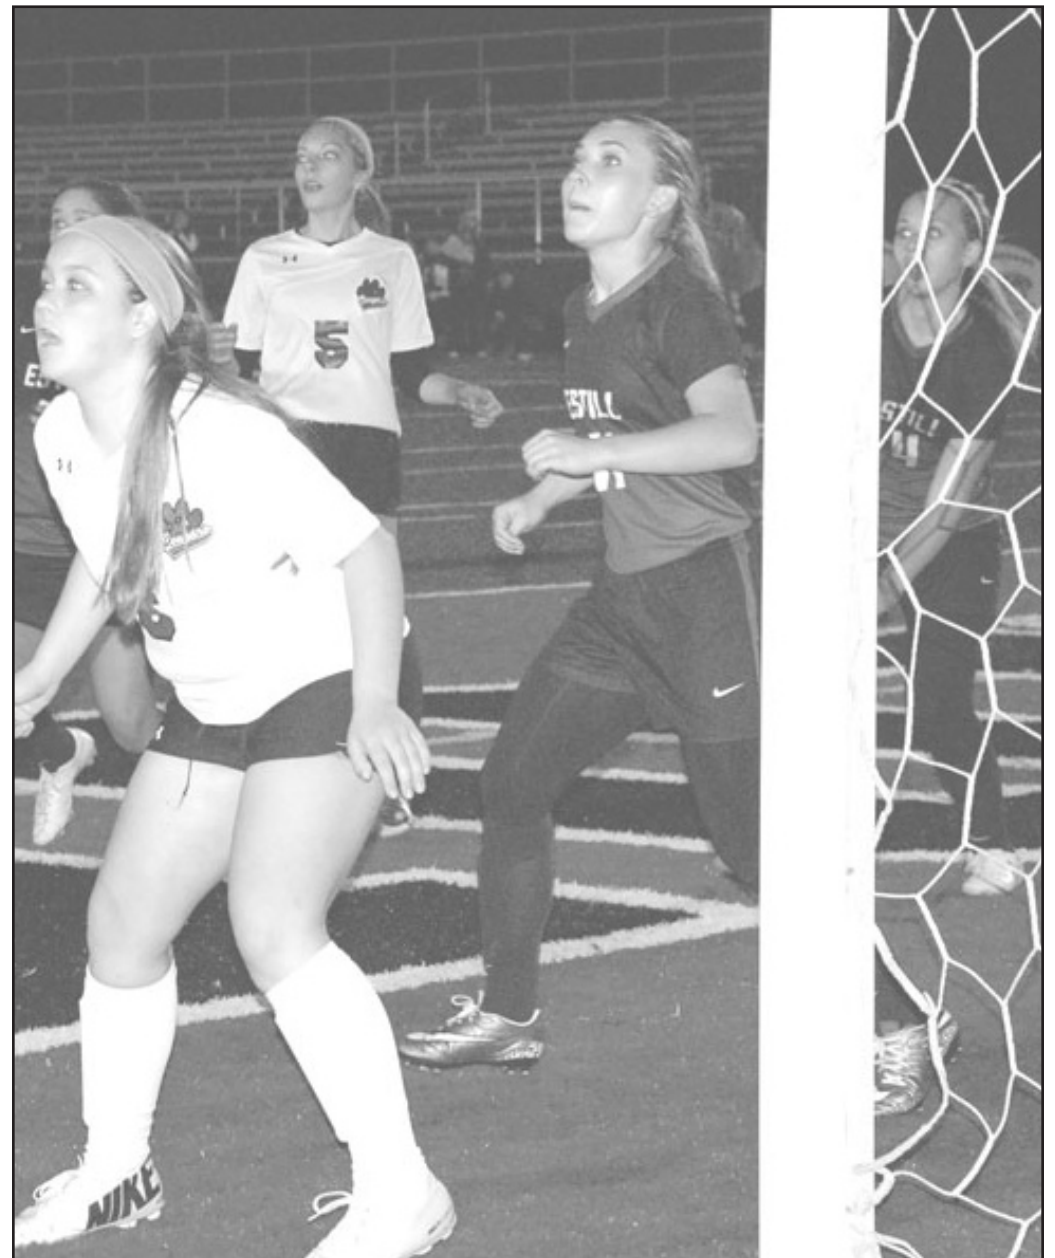

With the game knotted at 1-1 through regulation and two overtimes, Estill would come through in the clutch by winning the shoot-out by the score of 4-3.

"At the end of last year they set their sights on achieving this goal as a team and they did nothing but work toward this moment," added McMaine. "This team was not only the most talented we've

ever had, but the most determined. For several years now, our program has been building toward this. All of that work has finally been validated."

The Lady Engineers were taking on Corbin in the first round of the State Tournament on Tuesday night at Madison Southern High School. Unfortunately, results will not be available as of press time. Good Luck Ladies!! Estill County is so PROUD!

With their regional title win, Estill's record goes to 18-1-2. WOW!! GO BIG BLUE!!!!!!

Estill County Lady Engineers (dark uniforms) try to get one in the goal on a penalty kick during the championship game of the 14th Region. Estill won 2-1 over Letcher County Central.

Estill Boys Fall 2-1 In Heartbreaking Loss

by MIKE WISEMAN
Estill Tribune Sportswriter

The Estill County Boys Soccer Team's season came to an end last week as they were defeated by Perry County Central in the 14th Regional final by the score of 2-1.

Boys soccer is coached by Greg Witt with assistant coach Ryan Sutter.

"We had a great season," said Witt. "It was unfortunate that we were beaten in the region final by Perry County Central, because without a doubt we were the better team. We controlled the pace and the possession and they had two chances all night that went in the goal. We had trouble finding the back of the net. Soccer is a very fickle game. That was the hardest part about losing, knowing we were the better team."

Congratulations on a wonderful season that started slow with Estill losing three of their first six games. They would hit their stride for the remainder of the season going undefeated in their last 13 games and finishing with a remarkable record of 14-4-2.

Once again, congratulations on an awesome year!!!
