

“Crunch Time” Begins For Estill Marching Engineers

As the month of October rolls around, crunch time begins for the Marching Engineers. Only one more regular season contest remains before regional competition. The band has been very busy over the last two weeks and has continued its winning ways. On the first day of October, the band traveled to Liberty to compete in the Casey County Classic. Estill again won 1st place and best color guard in class AA beating Glasgow. After a full rehearsal schedule during fall break, the band competed in the Madison Central Tournament of Bands in Richmond on October 8th. Although there were no other AA bands competing in this contest, the band turned in a fantastic performance in finals and placed 4th overall out of 11 bands. Next week the Marching Engineers will travel to Barren County for the last regular season contest of the year. *(Casey County photo by D. Horn)*
