Donovan Lainhart Wins FRC/YSC Essay Contest

School student, Donovan Lainhart, recently entered an essay contest sponsored by the Family Resource and Youth Services Centers of Kentucky Coalition. This essay contest invited students from across the Commonwealth to write essays about why their Family Resource and Youth Services Centers were so very important in their communities. Students submitted essays and they were judged at the state lever where four (4) essays were selected as the 1st place winners and those students received a \$100.00 cash prize from the FRYSCKY Collation. Below is the essay that Donovan wrote about his experiences in dealing with various FRC and YSC programs throughout his educational experience.

Why I'm A Fan of FRYSC

Since kindergarten, there's been a constant face at each open house, event or family fun night. The faces changed as I changed schools, but one thing was the same; our FRYSC Director, was always there. They welcomed us, hosted craft nights, and gave tours of the schools and our parent's information. During school, I didn't know exactly what they did all day, but I knew they were always busy. I knew that if I needed anything, I could go to their Exploration and VERB. familiar face.

Fortunately, I do not office. I later learned that know these things, because FRYSC helped clothe children in need as well. These vices, but it's always good to exchanges happened behind closed doors. It was never broadcasted who had a bag a food to take home, or a Health Counseling, Refernew pair of shoes in their rals to Health & Social Serbackpack. I've been taught vices, and while they have to give and treat others with kindness, not for recognition, but out of the goodness of my heart. I learned that this, in many ways, is what The FRYSC is all about.

Before I knew it, I was in going to Middle School. Student Council members came to our class and talked to us about Middle School. They were also there when we took our tour. At Back to School Night, I got information about Student Council from our FRYSC director, Mr. Flynn. I've been involved ever since. I've learned a lot more about what all FRYSC does. In addition to Student Council, School Transitioning & Back to School Night, FRYSC also has book giveaways, Red Ribbon Week, SIIP, Career Day, Reality Store, Clothing Bank, Career

So, why am I a fan of 5th grade. I was anxious about Family Youth Resources Center? Services should I not be? Every child deserves a fair chance. Some 15. of us are more fortunate than others. /some of us don't have to worry if we'll have dinner tonight. We sleep on a comfortable mattress, put on our clean clothes and come to school. I knew that they helped with about getting a bad grade learned that FRYSC made some basic needs like food tomorrow because we can't cause we had everything at home we need to do it. If we forget it, we just call up our parents on break and have them drop it off. Kids shouldn't have to worry about these things. Some parents work very hard, but still cannot meet these basic needs. That's why FRYSC is so important. They gave kids a more level playing field by helping provide those necessities and counseling help that they need to focus on what's important, their education. Everybody needs a little help every now and then. Never say you won't, but if you do, I'll guarantee you, FRYSC will be there to lend a hand

Hooch And Rankin

The neighbor's dogs, they are "rotten." They come to my house to see Ma Maw every day. If Mom and Dad aren't home, and it's going to storm, they must be afraid of the storm -- they come to my house, lay on the porch until all is clear. Hooch loves the grandchildren. Every time he hears them outside, here he comes. Hooch is jealous of Rankan, he wants all of the attention. They come to see me every day. They come to see me more than my neighbors do that just pass by and wave. But Hooch and Rankan, they stop. Our dog Buddy got ran over by a car some time back. Hooch just took his place with us; still miss Buddy, though. We all love Tammy's dogs.
