Kentucky River Foothills Development Council, Inc. is continuing to provide energy assistance through the crisis component of the Low Income Home Energy Assistance Program (LIHEAP). The program assists households in a heating crisis and will run through April 30 or until the funds are expended.

Individuals and households that have already received assistance this year are eligible to receive additional help if they haven't used their entire assistance amount of \$400.

Only those with disconnect or eviction notices or who are within 48 hours of being without heat can receive assistance during the crisis component. A household shall be considered to have a home heating crisis situation when it meets the basic LIHEAP eligibility criteria and: (1) the household is within four (4) days of running out of fuel if bulk fuel (coal, fuel oil, propane, kerosene, or wood) is the heat source; (2) the household has received a disconnect notice if natural gas or electric is the heat source; or (3) the household's home heating costs are included as an undesignated portion of the rent, and the household has received an eviction notice for non-payment of rent from the landlord.

All assistance provided with LIHEAP funds must be directly related to resolving the household's home heating crisis situation. A household may not receive more than the household's allowable crisis maximum in combined benefits, through the Crisis component. The allowable crisis maximum is determined by the household's primary fuel type. Applicants must bring the following:

- ▶ Disconnect notice (if seeking assistance for natural gas or electric)
- ▶ Eviction notice from Landlord (if utilities are included in rent)
- ▶ Metered utility bill if seeking assistance for propane/kerosene/wood/coal
- ▶ Proof of Social Security Numbers for each member of household
- ▶ Proof of all household members income from the preceding month

Households at or above 75% of the poverty level must pay a portion or co-payment of the minimum necessary to alleviate the crisis. Benefits are limited to the amount necessary to relieve the crisis with the maximum amount not to exceed the local cost for a deliverable supply of the household's primary heating fuel or \$400 for gas or electric.

LIHEAP is a statewide initiative sponsored by Community Action Kentucky Inc. in partnership with the Cabinet for Health and Family Services (CHFS) and is directly funded by the U.S. Department for Health and Human Services, Administration for Children and Families. Applications can be made at the Estill County Outreach Office located 111 Collins Street in Irvine, MO from 8am-3pm. For questions call 606-723-4492.
