What Happened to Sunday?

Sometimes I go a little off track and write about stuff not really dealing with woods and water. This would be one of those times. The Lord has put Sundays on my heart. So figure I need to write about it.

I was thinking back to when I was a kid the other day. Sundays come to mind when I was a kid. Sundays were truly a day of rest. It was a day when it seemed like time slowed down.

When I was a kid you couldn't find any stores open on Sunday. I can remember running out of pop on Saturday night which meant no pop on Sunday. There was nothing open so you stayed home and hung out with family. It seemed like the worries just went out the window on Sunday. Well, until about bedtime, that's when the thought of school on Monday hit.

Looking back Sundays were AWESOME. It was a day everything slowed down. It was a day to spend with the Lord and family. It was a day to relax with the worries washed away. So what happened to Sunday?

These days Sundays are just as chaotic as the rest of the week. All the stores are open and life keeps moving at the speed of light. Sunday has become a day to fill with tons of stuff to do. The day of rest has become a day of

do. I sure wish we could go back to those Sundays from long ago! The week is filled with go, go, go! It would be nice to see people go back to those slow Sundays. Maybe I am just being nostalgic, but one day of rest for everyone would be nice.

Exodus 20:8-11, "Remember the Sabbath day, to keep it holy. Six days you shall labor, and do all your work, but the seventh day is a Sabbath to the Lord your God. On it you shall not do any work, you, or your son, or your daughter, your male servant, or your female servant, or your livestock, or the sojourner who is within your gates. For in six days the Lord made heaven and earth, the sea, and all that is in them, and rested on the seventh day. Therefore the Lord blessed the Sabbath day and made it holy."

Until next week get out and enjoy God's creation!

Yellow-Throated Warbler
Primarily a gray bird with black and white markings, these birds are easy to identify by their bright yellow throat. Yellow-throats eat a variety of insects, but can be lured into your yard with sunflower heart chips either tossed on the ground or in a tube feeder with a tray.
