Children's Librarian

Children's Librarian Position Reopened

The Estill County Public Library is seeking a fun and energetic children's programmer with creative ideas, a vast knowledge of children's literature, a people-person with easy interaction with children, parents, co-workers, and the community, as well as a yearning for small-town life and the ability to work cooperatively with others.

Minimum requirements: library science or early childhood education background, computer experience with standard office software, including Microsoft Office products, email, and internet usage, valid driver's license and satisfactory driving history, good communication and public relations skills, and proven knowledge of children's materials.

Library experience, especially with children from birth to age 12, and college education preferred. Current MLS students or holding a degree in Library Science is highly desirable. Applicants must be able and willing to attain certification from the Kentucky State Board for the Certification of Librarians at the Library Experience level (may require some college-level library science classes).

Job duties to include: planning and providing children's programs for the library, performing general desk duties, including circulation and reference, performing collection development/management activities, assisting with the creation of displays and possible outreach activities, publicizing library programs, planning summer reading programs, and other duties as assigned.

Those chosen for interview will need to supply, at the time of the interview, a detailed plan for two story time programs designed to last 30 to 45 minutes for an audience aged 2 to 5. Those chosen for interview will also be required to read several pages from any picture book they desire. Application deadline is close of business on May 31st. Work is to begin in early June. A background check will be conducted prior to final hiring decision. Please mail a cover letter, resumé, and 3 professional references to:
