Public comments on "recallable nickle"

Continued from Page 1

Bicknell added that he would be for the nickel tax if it was going for the right thing but adding on to Estill Springs and it being located in a flood plain was not the right thing. He said he also felt like the architect that had been working for the school district for many years was just making himself jobs because they had done the renovations at South Irvine like he had recommended and now they are talking about closing South Irvine and moving them all to Estill Springs. He said less than ten years ago a million dollars was spent at Estill Springs to fix the driveway and now plans are in the works to tear it up again.

"It's been a constant of little fixes here and there but

of dollars in the past few said that he didn't have any compensating rate and to and she thought they should years and we need a plan," children in school but he did his knowledge they had lost look forward to what is best stated Bicknell.

favor of the nickel tax. She about them and he felt like it said that the opportunities was important to give them that were available at the best education that they career and technical center would provide a solid foundation for students. She idea of a technology censaid that in years to come a shortage in the medical field would probably occur could do for this county. He and the new technical center would be able to provide in enrollment to the lack training for students who of job opportunities in the were interested in possibly doing medical records. She the new facility would be in said she felt like it would the best interest of the kids also help bring the students as well as the economy. back to Estill County to

was still confused about the nickel tax and what would happen if it didn't pass during the election. He said he had read in the newspaper that the four percent tax increase would automatically kick in but wasn't certain how that would work.

L.W. Beckley replied that if there is a petition and the board chooses not to take it to election then they would set their own rate in August like they do each year. However, if it did go to election and failed then the four tomatically kick in for one year.

■ The deputy was dispatched to Ridge Road to investigate a man tearing up people.

When he arrived on scene, he said he observed Lewis running to the back of the house. When he entered the room, he said Lewis threw something at him.

Smith said he pepper sprayed Lewis, who came running at him and swinging. During the fight, Smith District Court on July 19. stated that Lewis hit him a few times and bit his hand. He spit in his face and grabbed him in the privates.

The deputy said that Lewis had threatened the people in the home and the neighbors. He reportedly threw an oxygen tank through the window and Barnes called 911 Dispatch she failed to report to pretrashed the house.

failed to pay. His bond was set at \$130 cash.

■ John C. McCormick, 46, of Winchester, was arrested June 5 for a drug related charge on Harris Ferry Road, Irvine by Deputy Doc Morris.

The deputy said he was dispatched to Harris Ferry Road because a man was driving up and down the road and yelling at people.

He stated he located Mc-Cormick about a mile up the road, and McCormick failed field sobriety tests.

McCormick was taken to Marcum & Wallace Hospital for a blood draw, which he refused.

Deputy Morris stated he located an unspecified pill under the eat of his cruiser where McCormick had been sitting. He had checked the vehicle prior to putting Mc-Cormick in it.

The man reportedly told the deputy that he had purchased a suboxone strip from a co-worker five days nt to KSP lab to be identified.

McCormick was charged with driving under the influence, second offense; possession of a controlled substance, second degree; tampering with physical evidence; and trafficking in a controlled substance, second degree, first offense.

Committee forms to put "recallable nickle" on ballot

Continued from Page 1

Tax bills are mailed by the Estill County Sheriff's Office to property owners on October 1. Sheriff Gary Freeman collects the taxes and distributes them to the taxing districts.

Supt. Jeff Saylor has stated the board will take a four percent tax increase in tax revenues if the recallable nickle does not pass.

The four percent increase requires two readings, advertised in the newspaper, and a public hearing. However, the board's vote is not recallable.

Fiscal Court Meets

School Board Meeting Continued from Page 1

The board accepted resignations from Vonetta Blevins, Brian Hall, Whitney Horn, DeAnna Martin, Bonny Mills, and Margaret Wood as assistant athletic director at the high school. Retirements were accepted from Shonna Ballard, Mary Martin, Bobby Muncy, Connie Pasley, Cynthia Robinson, and Randy Sutter. No new employments were listed.

Jon Bicknell apologized for his behavior during the public forum. He said that he was in early stages of Parkinson's Disease, that he is getting slower, and has a hard time writing. He said he basically thought the individuals in the back of the room were making fun of the man who was talking during the public forum and trying to call time and it made him very irate.

The board meeting adjourned and went into closed session to discuss the future acquisition or sale of real property.

Miles of empty train cars are being stored on CSX tracks in Estill and other Kentucky counties. On Saturday, all crossings were clear. Trains were only in place where a side track was present. Due to space limitations, the article will appear in next week's Tribune.

Free Waste Tire Disposal

One Day Only

Estill county Judge executive Wallace Taylor, will be conducting a waste tire program for the citizens of Estill County, for ONE DAY ONLY. Disposal will be based at the County Lot located at Cow Creek Road, in front of the Animal Shelter, in Ravenna. Hours of operation begin June 22nd at 8 a.m. and end at 4 p.m.

This program provides a one-time opportunity for private citizens, farmers and some businesses to drop off their unwanted waste tires free of charge. Tires on rims will not be accepted. Off the Road tires (OTR) and solid tires with pressed-on rims will not be accepted. Tire retailers may not participate in the program.

For additional information regarding the Estill county's Waste Tire Disposal

Program, contact Kim Dawes at 723-7524.
