Salome's Stars

ARIES (March 21 to April 19) Relationships continue to thrive, but watch for any telltale signs of potential problems. Take needed action now to set things straight before they become troublesome later.
TAURUS (April 20 to May 20) Your powers of persuasion, backed up, of course, by your considerable expertise, help you establish your case even to the most dubious decision-makers in your workplace.
GEMINI (May 21 to June 20) You might still be a bit reluctant to face up to some less-than-pleasant realities. But the sooner you accept the facts, the sooner you can set about making some needed changes.

CANCER (June 21 to July 22) Expect to make adjustments, even when things seem locked up and ready to go. But cheer up: At least one change could lead to something you've been hoping for.
LEO (July 23 to August 22) The success of a recent project should do a lot to boost your self-confidence. You might want to start now to check out ways to make that long-deferred bigger and bolder move.
VIRGO (August 23 to September 22) Ease up on the pressure you might be putting on the new person in your life. It takes time for a budding relationship to blossom. Show more patience and understanding.

LIBRA (September 23 to October 22) You have lots of inner strength in reserve. Use some of it to resist intimidation from those who might try to impose on your good nature for their own reasons.
SCORPIO (October 23 to November 21) The good news is that your on-the-job status is improving. The one cautionary note, however, involves a personal situation you might have been ignoring for too long.

SAGITTARIUS (November 22 to December 21) Congratulations. Once again, your sharp Sagittarian "horse sense" helps you work through a complicated situation that would leave most people confused.
CAPRICORN (December 22 to January 19) Plan on indulging yourself in some well-earned good times through much of the week. Then be prepared to face some thought-provoking issues by the 19th.
AQUARIUS (January 20 to February 18) Positive factors continue to dominate following a recent change in both your professional and personal lives. Expect to make contact with someone from your past.
PISCES (February 19 to March 20) Workplace stability allows you to continue making progress on your projects. But don't ignore your personal life. Spend more quality time with those special folks.
BORN THIS WEEK: You have the gift for making people feel special. Maybe because you know how special you are.
