

RHONDA STONE CHILDERS

IS THE ONLY CHOICE FOR ESTILL COUNTY JUDGE/EXECUTIVE.....

She is the one –

- Who knows our children and young people are the future of our community and that they deserve progress, not the same old business as usual.
- Who has the technology, electronic, grant writing, communication and team building skills that are absolutely necessary to be successful in today's world.
- Who knows that without a long-term strategic plan we will continue to have the same old problems with no new solutions over and over again.
- Who has successfully managed employees, multi-million-dollar budgets and multiple programs while meeting all local, state and federal government requirements and has a hands-on understanding of the potential tourism holds for our economy.
- Who has real answers for the problems we're facing TODAY, not just worn out political ploys or vague promises with no plan.
- Who knows Estill County's success lies in the future not in the past, and who is able to take Estill County forward into the FUTURE in a NEW DIRECTION!
