MERCYHEALTH

FOR THE UNIVERSE OF YOU

I want to say thank you to everyone who welcomed me into your home or who came out on your own to talk with me about what you're looking for in your next County Judge and listened to my qualifications and my plans to turn Estill County around. There have been hundreds of you and you've treated me with such kindness and respect!

I also want to thank all of you who have supported me with your time, your encouragement and advice and your contributions. My husband and I have worked full-time jobs and I've continued a small business consulting contract to finance my campaign and believe me, every contribution has meant so much. It's been both humbling and uplifting and I never could have done this without your support.

With only a short time until this important election on November 6th, I'm still working to earn your vote. I plan to bring to Estill County

- Financial accountability to every portion of our county government
- Sustainable growth that not only supports the necessary services of fire protection, EMS, decent roads and a clean community, but also provides opportunities to attract the businesses and partners we must have in Estill County to move forward.
- A long-term, strategic plan for Estill County that will guide us as I fight for the resources we need to move forward.
- A vision for the future, a plan to get there and the progress you've told me you're ready to see for Estill County.

As your next County Judge/Exec, I will work as hard for Estill County as I have worked on the campaign trail. Thank you again and please, help me move Estill County forward with your vote for me, Rhonda Stone Childers, on November 6th.

Ready for a New Direction?

Vote Rhonda Stone Childers for Estill County Judge/Exec
