## Estill Marching Engineers are KMEA East Champions

The Marching Engineers traveled to Bourbon County last Saturday to compete in the KMEA East Regional Quarterfinals event. All qualifying bands in class AA would be competing for a chance to advance to State Semifinals (sweet 16) next week in Lexington.

The conditions were less than per-

fect with wind gusts reaching over 40 mph at times, creating an extremely difficult, even dangerous setting for this very important performance. The band somehow managed to fight through these adverse conditions and turn in an outstanding performance, posting the highest score of the season 89.5!

After the placements were revealed, Estill had once again placed at the top of the East Region, with the second place band 8 points behind. This is the band's 5th Regional Championship in the last 6 years.

This coming Saturday (October 27th) the band will be competing in State Semifinals at Bryan Station High

School. Performance time is 2:00 p.m. If the band places in the top 4 out of semis, they will advance to State Finals (final 4) which will be held at Kroger Field at the University of Kentucky. Class AA finals will begin at 7:00 p.m. Please come out and support this awesome band as they compete for another State Championship!

### JASON "J.D." RILEY for Estill County Attorney

#### WHY I WANT TO SERVE AS ESTILL COUNTY ATTORNEY

My family is from Estill County. I grew up in Estill County. My parents are Danny Riley and Mona Cahal Henry. My brother is Jacob Henry. My grandparents are Thomas (Tom Cat) and Nina Riley and Jack and Margie Cahal. I played Little League Baseball in Ravenna, was on the Academic Team and played drums in the band for Estill County Middle School and Estill County High School. I graduated from Estill County High School in 1996.

I stayed close to home for college, attending EKU and spending my summers in Ravenna and White Oak. I attended Indiana University, one of the top law schools in the nation, but spent my summers back in Estill County. When I received my license to practice law, I began in Estill County, primarily representing children as their attorney in family law cases. Afterwards, I accepted a position as Assistant Fayette County Attorney. During that time I advised on the creation and implementation of the E-Warrants system for state wide use. I also advised on the creation and modification of the Kentucky Family Court Rules of Procedure and Practice. Now, I am a private attorney, focusing on Estill County, and working to help the community that means so much to me.

I have been responsible for thousands of cases. I have worked cases from Child Support to Contract and Employment Law. I have authored ordinances, regulations, and have advised local and state governmental agencies. In short, I have the knowledge and experience to do the job!

The people of Estill County expect their local officials to be approachable. I will work to make sure the people of this county feel that they can have a face-to-face relationship with their County Attorney. I will focus on working with every local and state office that I can to make this community an even better place to work and to live. I am asking for your vote on November 6 to become the next Estill County Attorney.
