(ex. HAGNEC becomes CHANGE). Prepare to use only ONE word from any marked ($oldsymbol{\Psi}$) letter string as each unscrambles into more than one word (ex. **VRATHE** becomes **HATER** or **EARTH** or **HEART**). Fit each string's word either across or down to knot all twelve strings together.

Change each letter to the one that comes immediately BEFORE it in the alphabet to find a riddle and its answer.

Even Exchange by Donna Pettman

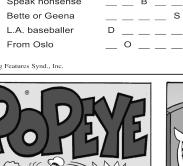

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from $M\underline{A}$ STER for an I, you get MISTER. Do not change the order of the letters

Place a letter in the empty boxes in such a way that each row across, each column down and each small 9-box square contains all of the letters listed above the diagram. When completed, the row indicated will spell out a word or words.

spreading yourself too thin.

TAURUS (April 20 to May 20) Your heart might be leading you in one direction, but pay attention to your keen Bovine intellect. I'm cautioning you to think things through before making any commitments.

GEMINI (May 21 to June 20) Your "serious" Twin has been dominant in your life for quite a while. It's time now to let that "wilder" half take you out for some good times -- perhaps with someone very special.

CANCER (June 21 to July 22) Career aspects are high for Moon Children who make a good impression. Show people not only what you can already do, but also how you can be more valuable to them in the future.

LEO (July 23 to August 22) Things start to brighten for the Lion's immediate financial future. But be careful to resist the urge to splurge. You need to tuck something away to help you through another tight period.

VIRGO (August 23 to September 22) Having R.F.D. to do too many tasks in too short a time could lower your mood to just above the grumbling level. But if you handle things one at a time, you'll get through it all soon enough.

LIBRA (September 23 to October 22) Your usually carefully made holiday plans could be subject to change later this month. Use this week to prepare for that possibility by starting a Plan B just in case you need it.

SCORPIO (October 23 to November 21) Be careful about joining a colleague's plan to solve a workplace problem. Investigate it thoroughly. Otherwise, you could find yourself in a predicament with other associates.

SAGITTARIUS (November 22 to December 21) Slow down that high-paced whirl you've been on. Spending quiet time alone or with people you care for can be both physically and spiritually restorative.

CAPRICORN (December 22 to January 19) Make suggestions, not demands. You'll be more successful in getting people to follow your lead if you exercise quiet patience instead of strong persuasion to get your ideas across.

AQUARIUS (January 20 to February 18) You still need more facts before you can make an informed career choice. One note of caution: Be careful about whom you ask for that information; otherwise, you could be misled. PISCES (February 19 to March 20) Changing situations through the end of the week could lead to some challenging opportunities for those perspicacious Pisceans who know how to make them work to their advantage. BORN THIS WEEK: You have a way of being both daring and cautious, traits that could make you a research scientist or maybe even a rocket-ship designer.
