

2018 Mountain Mushroom Festival

Weekend of April 28-29

Irvine, Kentucky

**See Schedule on
Page B4**

My name is Roy Embs.
I am a candidate for
Magistrate District #1.

I live at 1067 Wisemantown Road. I was married to the late Linda Scrivner Embs and have one daughter, Shaye Roberts (husband Robbie).

I worked for the CSX Railroad as a conductor for 30 years, being a local chairman for 10 years. I served as commissioner of the Estill County Water District #1 for approximately 12 years.

I feel that I can work with all people and will be a hard worker and a fair person for District #1.

I'm going to try to visit everyone in my district, and here is my phone number if anyone wants to contact me.
(606) 634-5641

I appreciate your support, Roy Embs

I'm Rhonda Stone Childers and I want to be your next County Judge Executive. I know it's a great time to be local and that starting locally is where we can make a difference that we will see and feel and be a part of every day. I want to set the tone for our county and our courthouse and to use my skills and experience to work for all of us. Many of you remember me from the time my family and I were at Estill Farm Service. A lot of years have passed since then and I've spent that time leading people and managing operations that have prepared me well for the job of Judge Executive.

I spent several years as Manager of US Sponsorship for Save the Children and as Manager I was responsible for the Child Sponsorship program for the entire United States. Under my leadership I increased revenue, streamlined operations and built a budget to support expanding the program, making it possible to serve even more kids by funding classrooms and libraries in struggling schools throughout America.

As Housing Coordinator for Community Action Council, I managed four programs delivering home weatherization, safe and efficient furnaces and lead paint removal to hundreds of families throughout KY. I grew the programs to help more people and to employ more local contractors. At times that meant negotiating high dollar contracts and at other times it meant working alongside my team using a hammer & nails. I am capable and comfortable doing both and I never missed a deadline or a production goal.

Now I work promoting Estill County and our wonderful slice of Appalachia to visitors from all over the world at Snug Hollow B&B. I'm pleased that Snug Hollow has become a destination for so many and proud to be able offer people the chance to come to our home to get to know our community, to spend money at our other local businesses and to come back again. I also work as a consultant with other small businesses owners to help them succeed and grow.

I have the experience, I have the skills, and I have the dedication needed for this job. I'm honest, hardworking and committed to making our home the best it can be. I have fresh ideas and the ability to make them happen. I'm asking for your support and your help in electing me Estill County Judge Executive. Let's take Estill County in a new direction!

Rhonda Stone Childers
Estill County Judge Executive
