

Hiding in Plain Sight: Drug & Alcohol Trends Among Teens

There are new technological advancements in the drug and alcohol world, which makes detection much harder. Teens often exhibit some of the riskier behavior when compared to other age groups.

Community leaders, caregivers, parents and professionals working and living with teens are invited to attend an event about some

of the current drug and alcohol trends affecting our youth with guest speaker Trooper Robert Purdy from Kentucky State Police, Post 7.

Hiding in Plain Sight: Drug & Alcohol Trends Among Teens will be presented on Tuesday, September 11 at 6:30 p.m. in the Estill County High School Auditorium.

This event is sponsored by: Eastern Kentucky University Office of Engagement and Regional Stewardship, Estill County Board of Education, Kentucky State Police Post 7 and Marcum & Wallace Hospital.

Light refreshments will be provided. For questions or more information, please contact Arielle Estes at 606-726-2119.
