Seeds of Hope

Some years ago the cover of Time magazine asked an intriguing question on its cover: "What ever happened to ethics?" The subtitle continued saying that we have been, "Assaulted by sleaze, scandals and hypocrisy, America searches for its moral bearings." There is little doubt that there has been a loss of moral sensitivity and responsibility. That is very obvious. It is difficult to watch television and not be offended by the language or scenes of indecency. A new language has been introduced that has no respect for God or godly principles.

The only way to solve this problem of moral decay or it can be reversed would be through a national revival. If those of us who profess to trust

God's Word and believe in the fact that He will do what He says He will it is not unreasonable that revival will come. A spiritual awakening will visit our nation if we have enough faith, persevere in prayer and regain a sense of the holiness of God.

Psalm 99:1 describes what would happen if we did regain a new sense of the holiness of God. Because "the Lord reigns, let the nations tremble, He sits enthroned between the cherubim, let the earth tremble."

This awesome picture of God that the Psalmist presents to us describes His holiness, power, might and majesty. This description of God is not one that we are familiar with since our minds have become so "clouded" with the things of this world. Certainly we can blame the producers for the programs we watch, but they would not produce what they do without us watching and enjoying it.
