

## ECMS hosts family learning night to learn about geometric shapes and create family reading traditions

The Estill County Middle School Youth Services Center and the Berea College GEARUP Opportunity Program sponsored a family learning night on October 17, 2019. During the evening, families enjoyed sharing a meal and

learning about geometric shapes, as well as about the importance of creating family reading traditions. Parents and students also heard from Estill County Community Education Director, Teresa Dawes, who told them all about

the programs that will be available at the new Technology Center. Then they created their very own jack 'o lantern designs, which were carved into their pumpkins. Pictured below are some of the families and their creations.
