

Christmas Toys for Estill County Kids

Adults only were allowed into a toy-filled room at Saturday's event for Toys for Estill County Kids. The event was coordinated by local fire departments and the American Legion Ladies Auxiliary.

Parents and guardians selected Christmas gifts in the secret room for their children which were wrapped by volunteers at the National Guard Army. The gifts were taken home to be delivered by Santa on Christmas Day.

Steve Noe, Commander of American Legion, Post 79 and Kimberly Stone Richardson, president of the Legion Ladies Auxiliary pose with Santa.

Several hundred children attended the Christmas party and each of them got the opportunity to visit with Santa Claus.

Randall Harrison was thanked for scheduling the National Guard Armory for the Toys for Estill County Kids.

Storytime Santa Claus at the Estill County Public Library

Santa Claus attended Storytime on Wednesday and Friday mornings at the Estill County Public Library. Older children attended Wednesday's session which was photographed by The Estill County Tribune. The children took turns visiting with Santa and telling them what they wanted for Christmas. Then they exchanged gifts that cost approximately \$5. Parents and grandparents brought in snacks which were shared by the children in their last session of Storytime before Christmas Day!

Merry Christmas!

Mercy Health — Irvine Primary Care

1100 Richmond Rd. | Irvine, KY 40336
