The Keep Americans Working Act of 2019 was approved by the Senate this week, which means the bill now has both chambers' approval and is ready to be delivered to the governor's desk. House Bill 118 would prohibit someone from having an occupational license suspended or revoked because of delinquency on a student loan or work-conditional scholarship. The bill would also encourage a person who is in default or delinquent in the payment of a student loan to contact the appropriate student loan servicer to establish a voluntary pay agreement. The measure is meant to help keep people with student loan debt out of poverty and in the workforce.

Estill County receives \$500,000 to renovate Irvine's Mack Theater

The Department for Local Government (DLG) has announced a \$500,000 Community Development Block Grant (CDBG) to Estill County Fiscal Court.

The federal funds will allow the county, along with Estill County 21st Century, Inc., to renovate and restore the old Mack Theater located at 114 Main St. in downtown Irvine. The project will remove blighted portions of the theater, which has been closed for more than two decades, that pose a health and safety risk to the nearly 15,000 residents in Estill County.

The project consists of securing the east wall in the mezzanine, replacing the roof membrane, repairing bricks on the building's front façade and adding a handicap-accessible

meeting space and restroom on the first floor. The second floor will remain unoccupied and closed off to the public.

"The restoration of this historic theater will likely revitalize the arts scene in downtown Irvine, in addition to being a community gathering place and source of local pride," DLG Commissioner Sandra K. Dunahoo said. "The future venue will be a space where so much more than local performances can take place, and I'm pleased that DLG could assist with this project."

In addition to the CDBG funding, local sources will contribute \$88,000 toward the project. Upon completion, Estill County 21st Century, Inc. will continue to own, operate, maintain and insure the theater.
