Stickeler's Answer

Stickelers Answer

The answer is 6) 56438.

The other five numbers alternate odd and even digits. 56438 has two even numbers together.

Eternal Friend

Can you imagine, a friendship that will never end;
Would you believe,
someone could be an eternal friend.
I sure hope, that you believe it is true;
Because I have got, some great news for you.

Eternal life is something, that you can claim;
Ask the Lord about it -- Jesus is his name.
He wants to be with us, for all eternity;
He has already paid, our admission fee.

Eternal life is an offer, I can't refuse;
It is really something, that everyone can use.
And know I will spend, it with a friend;
Gives me great joy, that is hard to comprehend.

CHORUS:

Eternal friend, thank you for being so kind.
Eternal friend, I've got Heaven on my mind.
Eternal friend, I plan to see you someday.
Eternal friend, I'm walking the straight and narrow way.
