

AT LEFT: A teammate crashes over the back of Estill Engineers senior soccer player Ethan Isaacs (#18) as they both try to make the goal.

ABOVE LEFT: Estill Lady Engineers senior Jalee Horn (#12) battles a player from Bluegrass United Homeschools during action, Monday.

ABOVE RIGHT: Estill County freshman Christina Jordan goes after the ball controlled by Bluegrass United.

AT RIGHT: Estill County Engineers junior Dustin Beeler (#12) was beat to the ball by the Berea Pirates goalie who knocked it away from their goal.

**ESTILL COUNTY SOCCER SENIORS**

ABOVE: Estill County Engineers Soccer Team seniors, left to right, Wesley Phillips, Nick Hug, Chase Muncie, Tyler Sutter, Cole Willis, Andrew Chaney, Connor Hall, Matthew Woolery and Ethan Isaacs.

BELOW: Estill County Lady Engineers Soccer Team seniors, left to right, Hannah Price, Caroline Asher, Kalea Hatton, Jalee Horn, and Dasha Rucker.

The Estill County Berea College GEAR UP Opportunity Program and the Estill County Middle School Youth Services Center recently partnered with Baptist Health in Richmond, KY to expose ECMS students to a variety of careers. Students took a tour of the hospital and spoke with employees about their jobs. Students learned about many career opportunities and even got to speak to a helicopter pilot and flight nurses. The Estill County Middle School would like to say "Thank You" to Baptist Health for making this opportunity possible. **Estill County Middle School Student of the Week**

The Estill County Middle School Youth Services Center Student of the Week is Ashton Hale. He is the son of Shaun and Kim Hale. Ashton is currently in the 8th grade and enjoys playing in the band. Students receiving this recognition are nominated by staff members at the Estill County Middle School for exemplary behavior, attitude, and/or citizenship. (Courtesy of Kaylee Riddell)

The Estill County Middle School Youth Services Center and GEAR UP hosted a family night on September 12, 2019. During the evening participants enjoyed a presentation by the KHEAA representative, Joplin Rice, on how KEES money is determined. Then they worked collaboratively to complete fractions calculations to determine the measurements to create bake pumpkin bread to take home and enjoy. Before leaving each family participated in a recycle/reuse project that taught them how to calculate area and to turn their used aluminum bread pans into flower boxes. Pictured above are a few of the participants and their flower box creations. (Photos courtesy of Michael Flynn, ECMS YSC and GearUp coordinator)
